

SHUSD Transportation Program Update – March, 2022

Dear SHUSD Parents:

I am pleased to report that we have had no full route cancellations since mid-October, 2022.

Beginning on Monday, March 14, 2022, we are combining the College Avenue Route and Lake Berryessa Route into a new “Highway 29 Route.” Most families will not see a change to their drop-off and pick-up times. The [SHUSD Bus Schedule](#) has been updated to reflect the changes.

The following routes will be in effect for the remainder of the school year and for 2022-23:

- Angwin School Bus Route
- Highway 29 School Bus Route
- Lake Berryessa/Special Education District Van Route

In December, 2022, the district will become eligible to apply for grants to cover the cost of replacing our diesel buses with new electric buses. District administration plans to apply for these grants and will provide an update to the school community on progress next year.

We still have an opening for one full-time [School Bus Driver](#), and one part-time [District \(Van\) Driver](#). Candidates can visit the [Human Resources Department](#) on our [district website](#) to learn more, and to submit an application through an employment database called [Edjoin](#). They can also contact me at the e-mail or phone number below to discuss the positions and/or make an appointment for help completing the application. Please contact me if you have any questions or comments.
