SHUSD Transportation Program Update – December 15, 2021

Dear SHUSD Parents:

I am pleased to report that our transportation service has been more consistent since mid-October, with no full route cancellations. We have been using a combination of contracted drivers from a company called [Michael's Transportation](#), and our own new district employees who are currently completing their bus driver trainings and certifications.

We still have an opening for one full-time [School Bus Driver](#), and one part-time [District \(Van\) Driver](#).

Candidates can visit the [Human Resources Department](#) on our district website to learn more, and to submit an application through an employment database called [Edjoin](#). They can also contact me at the e-mail or phone number below to discuss the positions and/or make an appointment for help completing the application.

At this time, we anticipate that we will be able to continue the same level of service when students return on January 10, 2022 after Winter Break; however, there is a possibility that Michael's Transportation may not be able to meet our need for contracted drivers while we continue to train and hire our own employees. **If we need to make any changes to routes, we will notify parents as soon as possible before January 10, 2022 via Blackboard text and e-mail.** We will also post the information on the [Transportation](#) page of the [SHUSD website](#).

We are also working with St. Helena Primary School and the St. Helena Boys and Girls Club (located on the St. Helena Elementary School Campus) to coordinate services and transportation in the event that we have a driver shortage, to ensure that students continue to receive after-school care by Club staff without interruption.

Sincerely,

DocuSigned by:
